

VIVEK VISHWAKARMA

+91 93287 97168 — Ahmedabad, Gujarat — vivekvishwakarma21@outlook.com — LinkedIn — GitHub

Objective

IT undergraduate at GTU (2027), exploring AI and full-stack development. Working on projects and continuously improving my skills. Looking for an opportunity to start in the AI field.

Education

Bachelor of Engineering (B.E.) — Information Technology 2023 – 2027

Sal Engineering and Technical Institute, Gujarat Technological University

Current CGPA: [7.4 / 10]

Technical Skills

- **Programming:** Python, C, Java
- **AI / ML:** PyTorch, scikit-learn, OpenCV, EfficientNet, NumPy, Pandas, Matplotlib
- **Web & Mobile:** HTML, CSS, JavaScript, Node.js, Next.js, React, Flutter, Django
- **Databases & Backend:** Firebase, MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, Power BI, Figma, Unreal Engine

Projects

Deepfake Detection System Python, PyTorch, OpenCV, EfficientNet, CNNs

- Built a multi-stream forensic classifier to detect AI-generated face videos, combining frequency-domain analysis (DCT, SRM noise residuals) with EfficientNet-based spatial features to catch artifacts that single-model approaches miss.
- The system runs inference on standard GPU hardware without external API dependencies.

PlexusNet — Employee Management System Flutter, Next.js, React, Firebase

- Built a synchronized mobile + web platform covering the full Employee → TL → Admin workflow, with role-based access control and multi-level leave approval.
- Implemented real-time attendance tracking (Punch In/Out) and team-wide messaging using Firebase event-driven listeners — updates reflect across devices in under 2 seconds.
- Handled full admin CRUD for team management, announcements, and system-wide alerts; tested with 20 simulated users to validate concurrency behaviour.

Experience

Technical Head — Indian Society for Technical Education (ISTE) Aug 2024 – Present

Sal Education, Ahmedabad

- Organized and led 50+ technical and cultural events with 800+ student participants across the academic year.
- Managed a team of 10 volunteers, coordinating Photography, Cinematograph, and live troubleshooting under tight timelines.
- Oversaw photography, videography, and post-production for official college coverage.

Certifications

- Cyber Security Workshop Certification
- CodeDex Python Programming Certification

Strengths

Problem decomposition under ambiguity, fast prototyping, cross-functional team coordination.
